PROFESSIONAL SUMMARY

Motivated Full-Stack Software Engineer with 2+ years of hands-on experience designing and developing robust, scalable web applications. Proficient in modern JavaScript frameworks and cloud technologies, with a strong focus on creating intuitive user experiences and efficient system architectures. Currently pursuing a bachelor's degree in software engineering with expected graduation in 2026.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, RESTful APIs

Tools & Technologies: Git, GitHub, VS Code, WebStorm, npm

Database: MongoDB, PostgreSQL

Other: Agile/Scrum, Problem Solving, UI/UX Design Principles

PROJECTS

Workstation - Workspace Management Platform | [Live Demo](#)

React, Node.js, Express, Tailwind CSS | 2024

- Developed full-stack workspace management application with real-time collaboration features for team productivity
- Implemented responsive, mobile-first UI using React and Tailwind CSS, ensuring seamless experience across all devices and screen sizes
- Built RESTful API backend with Node.js and Express, handling user authentication and data management
- Deployed on Render with optimized performance, achieving 95+ Lighthouse scores for accessibility and performance
- Integrated modern design patterns including component-based architecture and state management for scalability

Personal Portfolio Website | [Visit](#)

React, TypeScript, Tailwind CSS | 2024

- Designed and developed fully responsive personal portfolio showcasing projects, skills, and professional experience
- Implemented smooth animations and transitions using CSS keyframes and React hooks for enhanced user engagement
- Utilized TypeScript for type-safe code and better development experience
- Optimized for SEO and web performance with lazy loading and code splitting techniques

EDUCATION

Bachelor of Science in Software Engineering

Al-Hussein Bin Talal University, Jordan

Expected Graduation: 2026

Relevant Coursework: Data Structures & Algorithms, Web Development, Database Systems, Software Engineering, Object-Oriented Programming

ADDITIONAL INFORMATION

- **Languages:** Arabic (Native), English (Fluent)
- **Interests:** Open-source contribution, UI/UX design, continuous learning in web technologies
- **Availability:** Open to full-time, part-time and freelance opportunities
